NEUCOBLANC CBS-X	CBS	Fine granule	HIGH	15 - 95°C	HIGH	0,05 - 0,50
NEUCOBLANC CBS Liq.		Liquid	HIGH	15 - 95°C	HIGH	0,25 - 1,25
NEUCOBLANC CBS-L Liq.		Liquid	HIGH	15 - 95°C	HIGH	0,50 - 3,00
NEUCOBLANC BTW-X	BTW	Powder	MEDIUM	15 - 95°C	STABLE	0,05 - 0,50
NEUCOBLANC BTW Liq.		Liquid	MEDIUM	15 - 95°C	STABLE	0,25 - 1,25
NEUCOBLANC BTE-X		Powder	MEDIUM/LOW	25 - 95°C	MODERATE	0,05 - 0,50
NEUCOBLANC BTE Liq.		Liquid	MEDIUM/LOW	25 - 95°C	MODERATE	0,50 - 2,00
NEUCOBLANC DBS-X	DB	Powder	LOW	25 - 95°C	LOW	0,05 - 0,50
NEUCOBLANC DB4 Liq.		Liquid	LOW	25 - 95°C	LOW	0,25 - 1,25

Auxiliary products

Igcar has a huge range of chemical products to satisfy the formulation needs of our customers

IGCANES®

- Range of silicone-based, vegetable-based and mineral oil defoamers
- Foam inhibition, either partially or completely

DETERCAR®

- Solvents to increase lipid solubilization

TENSOCAR®

- Range of cationic and non-ionic liquid surfactants with high degreasing power
- Surfactants reduce the surface tension of the water

TONAL®

- Color transfer inhibitor polymers

TRICAR®

- Range of sequestrants, adjuvants, chelators and rheological modifiers
- Reduction of metal ions in solution to avoid oxidation effects

POLIACID®

- Range of water-soluble organic dyes for detergents

IGTOLASE®

- Range of enzymes for the removal of difficult stains
- Thermostable enzymes compatible with most non-ionic detergents

ECO - LOGICS

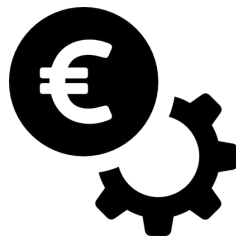

All of our Neucoblanc optical brighteners are REACH compliant.

The Neucoblanc range has ECOLABEL certified products.
